## **PAGE SERVICES**

PAP provides quality copy duplication equipment, digital copiers, and digital color devices, facsimile, scanning, plotting, and printing for all your office needs. In addition, we provide general contracting services to provide transparent facilities management support to the customer's satisfaction. PAP can take your existing piece of equipment repair it, maintain it, dispose it or replace it with a newer more operable efficient cost saving product. -- Or return the product anywhere in the United States. Our services also include the computing side, analyzing and right sizing equipment to install an operable congruent solution to organizations that are dysfunctional in their approach to their office needs from computing, printing, scanning, copying and document management solutions -- our solutions are offered to both private organizations and government agencies.

PAP is among today's leaders in the document handling field with over 20 years of experience and a diverse staff enable to place PAP well ahead of the competition. Our field and technical experience allows us to be effective on every project. PAP utilizes cost-effective applications on every project we are involved in. Even the most routine projects receive the utmost attention. What separates PAP from the other document management service firms is the ability to undertake complex document projects, apply innovative document management techniques and provide solutions with a service ethic that is second to none. PAP will deliver results, and with over 5,000 completed projects, PAP has proven it can produce.

PAP's client strategy is to help organizations better manage the flow of information and ideas. In general terms PAP help the customers manage the life cycle of documents through more efficient use of systems, software and solutions. PAP provide document input, out and management. Since we have a local presence we are committed to be faster, simpler and easier to do business with.
